Detailed Lease Information	7

Purpose

The Department of Community and Government Services (CGS) is pleased to present this report on the Government of Nunavut (GN)'s leasing activities¹ of real property for the 2006/07 fiscal year. This is the fourth year that the report has been produced and incorporates several enhancements since its initial production².

CGS has undertaken these efforts to meet its responsibility in ensuring transparency and accountability in the GN's leasing activities and remains committed to providing accurate and timely disclosure of same.

Objective

CGS is committed to ensuring fair and ethical practices in meeting its responsibilities. This is accomplished through effective policies and procedures aimed at:

- Obtaining the best value for Nunavummiut overall;
- Creating a fair and open environment for vendors;
- Maintaining current and accurate information; and
- Ensuring effective approaches to meet the GN's requirements.

Earlier this year, the GN's policies and procedures with respect to leasing of commercial real property were reviewed and formalized in a Consolidated Policy – *Leasing of Commercial Real Property* – and made available to the public through the GN website³. The Policy reflects the GN's approved direction governing its leasing practices to acquire commercial property necessary to carry out government operations and program delivery. The Policy also incorporates relevant aspects from the following sources with which the GN must comply:

1. Nunavut Land Claims Agreement (Article 24)
2. Leasing of Real Property, including Appendix A - Leasing Guideline, dated November 6, 2002
3. Leasing Practices pursuant to the Lease Activity Report
4. Government of Nunavut Space Allocation Standards
5. Government contract regulations, Directive No. 9904
6. Nunavummi Nangminiaqtuniq Ikajuuti Policy, dated April 20, 2006, Section 13.0 Leases – Special Provisions

Along with its accompanying guidelines, the comprehensive policy sets a clear process for acquiring leased commercial property and establishes a methodology for assessing lease versus buy decisions and incorporates best practices within the public sector.

For a copy of the GN's Consolidated Policy on Leasing of Commercial Real Property, please refer to www.gov.nu.ca/Nunavut/policies.

¹ This report does not include leases entered into by the Government of Nunavut's Crown agencies.

² Please note that in previous years, this report was known as the Leased Properties Report.

³ Please refer to the GN website at [*http://www.gov.nu.ca/Nunavut/policies/](http://www.gov.nu.ca/Nunavut/policies/) <<http://www.gov.nu.ca/Nunavut/policies/>> for a copy of the Consolidated Policy - Leasing of Commercial Real Property.

Introduction

During previous reviews of the *Lease Activity Report*⁴, Members raised questions about certain leasing practices undertaken by CGS in meeting the GN's requirements. While these were addressed during the proceedings, CGS has also set out such practices here for easy reference. For further information about the GN's leasing practices, please refer to the GN's Consolidated Policy (as noted on the previous page).

1. Lease Renewal

CGS reviews the GN's portfolio of leased properties regularly. For those leases that are scheduled to expire within the next two to three years, CGS begins a process of assessing what options may be possible. First, the client department must identify what its ongoing requirements are likely to be and CGS must then determine how best to meet those requirements. In doing so, CGS typically considers the current market rates for similar space (if available) against any renewal options, the level of satisfaction of the client department with the existing space and the specialized nature of the facilities to meet the department's requirements.

Wherever possible, CGS adopts a proactive approach to address leases which are slated to expire in the near to medium term. However, this is also dependent on client departments clearly identifying their requirements well in advance of the lease expiry. While each situation is assessed individually, lease renewals do occur where it yields the best value and/or timely solution overall given the circumstances at the time.

2. Lease Versus Buy

CGS attempts to fulfil GN requirements in the most expeditious and responsible manner so as not to adversely affect government operations or the delivery of goods and services to Nunavummiut. In meeting GN requirements, CGS considers the various options which may be available at the time. In particular, CGS continues to seek those opportunities in which the GN may be able to secure its own portfolio of properties for program and service delivery but is constrained by multiple priorities placed on the GN's limited resources and ability to raise capital. The GN's approved five-year capital plan sets the priorities annually for capital spending. CGS is also guided by the GN's Consolidated Leasing Policy which asserts that leasing shall not cost the GN any more than an outright purchase except where tangible benefits can be clearly demonstrated. Working within this environment, CGS aims to provide the best solutions with the resources available to meet Nunavummiut's needs.

⁴ Previously known as the Leased Properties Report.

3. Types of Lease

The GN administers three types of leases in order to secure and maintain the space needed to run government operations and to provide programs and services for Nunavummiut. Each type of lease imposes certain obligations on the GN, as set out below:

- **Gross Lease**

The GN pays a single fixed rate to the Landlord that includes all of the additional costs associated with the operations and maintenance of a facility. The GN does not incur any other costs outside of the single monthly rate paid to the Landlord.

- **Semi-Gross Lease (or Modified Gross Lease)**

The GN pays a single fixed rate to the Landlord but may also pay for one or more of the additional costs associated with the operations and maintenance of a facility.

- **Net Lease**

The GN pays a fixed base rent to the Landlord plus all of the additional costs associated with the operations and maintenance of a facility. The Landlord will typically pay all the costs associated with the operation and maintenance of a facility and charge these costs back to the GN at the end of the lease year with an administrative fee.

The current trend is toward gross leases which provide the certainty of a fixed rate and lessen the GN's exposure to rising operating and maintenance costs and administrative fees.

Report Overview

The report includes additional details on each existing lease. As well, the lease information has been sorted and presented on different bases for easy reference. Specifically, the report now consists of six separate sections as noted below:

- By Community List A
- By Expiry Date⁵ List B
- By Annual Value List C
- By Award Type List D
- By Vendor Name List E
- By Lease Number List F

CGS has undertaken these efforts to meet its responsibility in ensuring transparency and accountability in its leasing activities and remains committed to providing accurate and timely disclosure of same.

Summary

CGS has modified the content and format of the *Lease Activity Report*⁶ with the objective to better address concerns raised by Members and to enhance transparency and accountability overall. In doing so, CGS is also pleased to highlight its leasing activities which support the GN's obligations in providing critically needed programs and services across the territory for all Nunavummiut.

⁵ List B also identifies those leases which were inherited by the GN at April 1, 1999. Such leases are denoted by an underline in the "Start Date" column.

⁶ Previously known as the Leased Properties Report.

LEASING STATISTICS

Total leases 65

By Region

Region	Number	Percentage
Qikiqtaaluk	27	41.5%
Kivalliq	27	41.5%
Kitikmeot	7	10.8%
Outside NU	4	6.2%

By Annual Value

Threshold		Leases	
Lower	Upper	Number	Percentage
\$1,000,000 +		1	1.5%
\$500,000 -	\$999,999	4	6.2%
\$250,000 -	\$499,999	11	16.9%
\$100,000 -	\$249,999	8	12.3%
	0 - \$99,999	41	63.1%

By Award Type

48 of 65 leases were tendered	73.8%
-------------------------------	-------

Important note

In meeting its responsibility for ensuring transparency and accountability in its leasing activities, CGS is also bound legally to safeguard competitive information which may prove harmful to private sector interests if disclosed. Information which is normally restricted includes the cost per square foot and the split between base rent and operating and maintenance charges which together comprise the total lease payment. Such information is typically only available for release upon the other party's consent. To do otherwise may expose the government to legal and financial claims. CGS continues to operate under the advice and direction provided by the Department of Justice in this regard.
